

Hi everybody,

This email is going to all current and last year's members. If you want to be taken off my email list, please let me know.

Although Toronto has entered Stage 2 under covid-19, there are no changes to the City of Toronto tennis guidelines. The current rules of only singles play, social distancing, no guests or visitors, members only, etc. previously communicated, are still in place.

We have received notification that the Toronto Men's league and the Inter Country Tennis League (mixed and ladies doubles) are cancelled for 2020. Tennis Canada is also postponing the Rogers Cup to 2021. However, we have not yet heard from the STF, so right now a shortened league season is still a possibility.

Whenever we receive an update from the City and Public Health, we shall inform all our members.

The restrictions mean that our traditional July 1st Canada Day social is not taking place. As you know, this is our annual Pot Luck luncheon, and I am sure many of us will miss the opportunity to taste all the delicious dishes our fellow players bring along for us to taste. However, you can still book a court for July 1st, if you plan to play. Public hours are from 9.00 to 11.00 pm.

For now, be happy you can play tennis and have fun!

Stay safe. Renate President
