

Hello all new club members,

This email is intended for all members that are new to our club this year. All previous members have received various communications from the club's executive prior to the opening of the club outlining the conditions imposed on tennis clubs by the City of Toronto and Public Health under which clubs are allowed to open and subsequently remain open.

We have posted two letters from the club president and the guidelines issued by the City and Public Health on the club's website at www.heronparktennis.com under the "News" button. Please ensure that you read these guidelines carefully and strictly adhere to them. The City will do spot checks, and if we are found not to be in compliance with the guidelines, we'll lose our permit and the courts will be locked.

So, let's play by the rules. Although they are a bit restrictive at the moment, they do allow us to play. In the end all these precautions will keep us and our families safe. If you have any questions, please contact me.

We welcome all new members and hope you enjoy your time playing tennis at Heron Park.

Regards,
Renate Crizzle
President
